We, Isodiol S.A., with Switzerland offices located at Rue du Mole 1 c/o, Athemis Gestion SA 2000 Neuchatel, Switzerland declare that the extracted Cannabidiol (CBD) is produced using only the mature aerial stalks of the hemp plant. The raw material is then tested in Europe before further extraction to confirm that the raw material contains no Tetrahydrocannabinol (THC).

To ensure presumption of conformity, we regularly test the raw material to ensure these terms of supply are met at the European laboratories.
